TruVision DVR 42 Firmware 1.2f Release Notes

Introduction

This is the TruVision DVR 42 Firmware 1.2f Release Notes with additional information not covered in the user manual. For the latest information on the TVR 42, please visit:

Americas: www.interlogix.com/videoupgrades

EMEA: www.firesecurityproducts.com

Australia: www.interlogix.com.au

Overview

TruVision DVR 42 offers real-time recording on every channel at 960H resolution with three record modes (Time Lapse, Event, and Alarm). This recorder also supports reverse video playback. Its features include ezDDNS, text insertion via ProBridge (for POS and ATM applications), bookmarks, and Smart Search.

Summary of defects fixed

- This firmware fixes an issue where the TVR 42 generates multiple MAC addresses on the network.
