

# TruVision NVR 70 Firmware 1.2r Release Notes

P/N 1073660-EN • REV C • ISS 30AUG19

## Introduction

This is the TruVision NVR 70 Firmware 1.2r Release Notes document with additional information not covered in the user manual. For the latest information on the TruVision NVR 70 (TVN 70), please visit:

Americas: [www.interlogix.com/videoupgrades](http://www.interlogix.com/videoupgrades)

EMEA: [www.firesecurityproducts.com](http://www.firesecurityproducts.com)

Australia: [www.interlogix.com.au](http://www.interlogix.com.au)

## Overview

The TVN 70 series is a Network Video Recorder, capable of managing up to 128 IP camera channels. Firmware 1.2r includes enhancements.

## New features/Enhancements

- Support for the future TVE-x20 encoder range
- Support for the future H.264/H.265 TVF 360° cameras . For TVN70, only the 6MPX camera in H.264 will be supported.
- Added support for new 4, 6 and 8TB RAID hard drives (TVN-HDDR-4TB-2, TVN-HDDR-6TB-2 and TVN-HDDR-8TB-1)
- An updated digital signature has been added for the ActiveX web plugin

## Limitation

- There is no warning message shown when a non-supported feature like Center PTZ is used with a PTZ camera that supports the feature.

## Contacting support

For help installing, operating, maintaining, and troubleshooting this product, refer to this document and any other documentation provided. If you still have questions, contact us during business hours (Monday through Friday, excluding holidays).

**Note:** Please be ready at the equipment before calling.
