

NetworX Touch Screen Keypad

OVERVIEW

Ideal for almost any size application, the NetworX Touch Screen Keypad offers powerful yet simple control of any NetworX security system. An intuitive interface, 3.5" touch screen and Quick Keys for rapid system arming and status updates enable quick and easy system management.

Users can record their own names for different system components and leave voice messages for others when arming or disarming. When a NetworX proximity card reader (NX-1700E) is installed, users can easily manage access cards and authority levels from the convenience of the keypad.
