

TruVision IP Open Standards Camera Firmware v5.0.s Release Notes

P/N 1072774A • REV 01 • ISS 7 May 2014

Introduction

This is the TruVision IP Open Standards Camera Firmware v5.0.s Release Notes with additional information not covered in the user manual. For the latest information on the TruVision IP Open Standards, please visit:

Americas: <http://www.interlogix.com/videoupgrades>

EMEA: www.utcssecurityproducts.eu

Australia: www.interlogix.com.au

Overview

Firmware v5.0.s supports Onvif Profile S version 2.1, in addition to performance improvements.

Summary of enhancements

- The listed IP Open Standards cameras conform to Onvif Profile S version 2.1, Onvif Device Test Tool 13.06.
- Corrected an issue where the camera would go offline when a client changed the password of the camera to 16 characters.
- Added network security enhancements

- Camera supported list
