TVD-VFM TruVision VF Dome Flush Mount Bracket Installation Instructions

Description

Figure 1: Physical description

Dimensions:	200 × 26.8 mm (7.87 × 1.04 in.)

| Weight:	300 g (0.66 lb.)
Supported cameras:	TVD-2202, TVD-4202 TVD-2402, TVD-4402 TVD-2404, TVD-4404 TVD-2405, TVD-4405
Toggle bolts	3 pcs
Screws	Screws PM4×16 mm (3 pcs) (used to attach the camera to the flush mount bracket)

Drill template

Installation

**To attach the VF dome camera to the flush mount bracket:**

1. Mark the mounting holes on the mounting surface using the drill template.

2. Drill three mounting holes and the clearance hole for the flush mount bracket in the mounting surface.

3. Attach the three toggle bolts to the bracket.

4. Push the toggle bolts through the mounting holes. Tighten the toggle bolts using a screwdriver until the bracket is flush against the mounting surface.
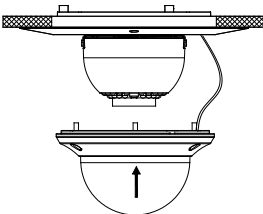

5. Remove the bubble assembly using the Torx wrench.

6. Route and connect the interconnect cables.

7. Attach the dome camera to the flush mount bracket using the three supplied screws.

8. Reinstall the bubble assembly to the dome.
