

The UltraSync™ app.  
**Designed for the life you lead.**

The UltraSync™ app gives you quick and convenient access to the whole UltraSync SmartHome system, so you can have complete control from virtually anywhere.

A scenic landscape photograph featuring three hikers on a grassy hillside. The hikers are silhouetted against a vibrant sunset sky, which transitions from a deep blue at the top to a warm orange and yellow near the horizon. The hiker on the left is wearing a red jacket, the middle one a green jacket, and the right one a blue jacket. To the left of the hikers, a large, dark, craggy rock formation rises. The foreground is filled with lush green grass. The overall mood is peaceful and adventurous.

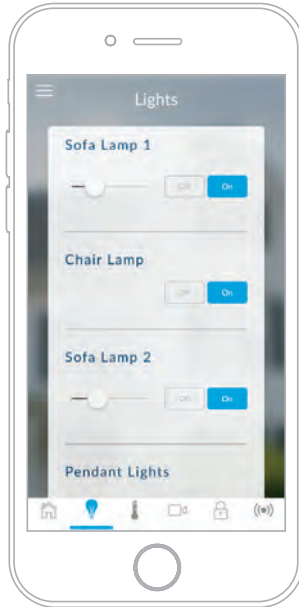

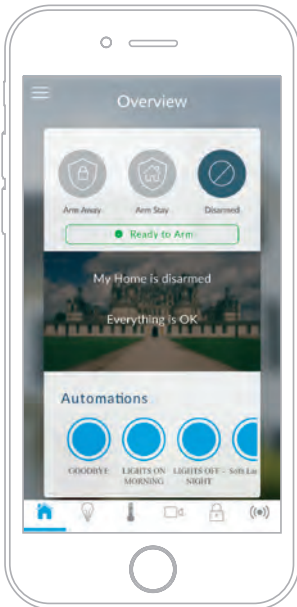

Home control  
from anywhere.

## In sync with your life

Use the UltraSync™ mobile app to synchronize your home systems\* with your day-to-day activities and create customized scenarios so that your home responds to your unique lifestyle. With the UltraSync mobile app you can:

### Overview

Check system status, arm/disarm and trigger automations from virtually anywhere.

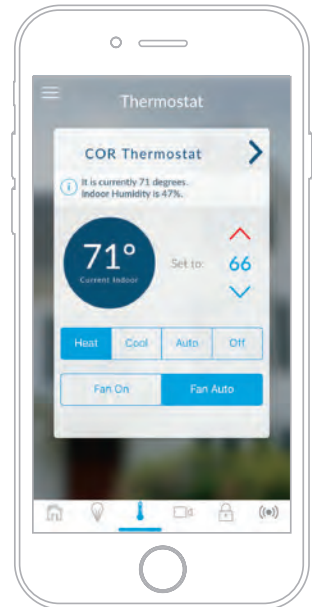

### Lights

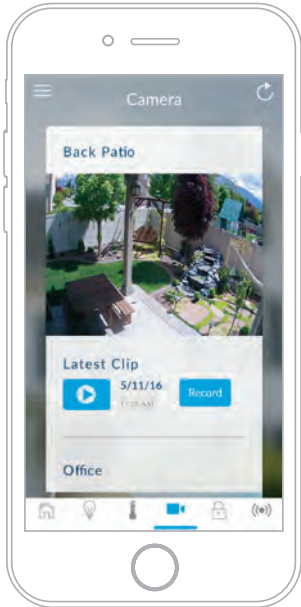

Come home to a safer environment by turning on lights prior to arriving.

### Thermostats

Adjust thermostats when leaving home, to save energy, and before arriving home, to come home to the ideal temperature.

\*The UltraSync Self-contained Hub comes standard with a Z-Wave® radio, allowing users to control devices such as Z-Wave lights,

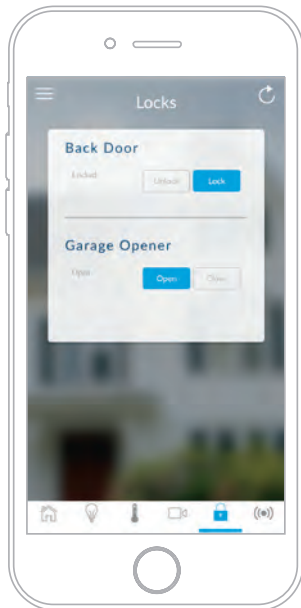

### Cameras

View live video and recorded video clips from the convenience of a smartphone or tablet.

### Door Locks

Close the garage door from the comfort of your bed. Unlock a door from the office to let a visitor into your home.

### Sensors

View the status of security and life safety sensors, and be alerted when selected devices are opened or activated.

## **Always in touch and in control.**

Available for iOS and Android™ devices, the UltraSync™ mobile app turns your smartphone or tablet into a home control center in the palm of your hand.
