This *Return & Warranty Policy for Dealers* ("Policy") applies to products and services purchased directly from the following UTC Fire & Security Americas Corporation, Inc. business: Interlogix or its successors or assigns ("Interlogix") by an independent dealer approved by Interlogix for resale to homeowners or independent business integrators ("Dealers," "you," or "your").

The terms and conditions of this Policy are subject to change. The most recent version of the Policy controls, and will generally be available at the Interlogix website at <u>www.interlogix.com.</u> If you have questions about this Policy, contact the appropriate customer service center or your sales representative.

All periods of days set forth herein are calendar days unless otherwise stated.

#### Warranty Repair/Replacements

Subject to the terms and conditions of the limited warranty in effect at the time of purchase, which is set forth in the UTC Fire & Security Terms and Conditions of Sale for Interlogix available at our website, <u>www.interlogix.com</u>, and the terms and conditions of this Policy, Interlogix will repair or replace defective or non-working product within the product's warranty period set forth in this Policy. Interlogix reserves the right to replace any product under warranty with new, refurbished or remanufactured product or to refund the purchase price. For product purchased by a Dealer from a distributor approved by Interlogix ("Distributor"), the Dealer should check with its Distributor for the terms of the return, which will be governed by the Return & Warranty Policy for Distributors rather than this policy.

Product warranty repair/replacements of Interlogix product purchases are only permitted for defective or non-working product, which may be established via product troubleshooting with the Interlogix Tech Support department. In cases of established product failure for products Dealer purchased directly from Interlogix, the Interlogix Tech Support department will provide a case number to provide Customer Service or to submit in an RMA form. If a Dealer returns product to Interlogix, and Interlogix determines the product is in working condition or NTF (No Trouble Found) then no compensation for the cost of the unit will be provided by Interlogix to the Dealer under the product warranty, even if the Dealer has conducted an exchange of the product for a customer.

If the Dealer seeks product warranty repair/replacements of Interlogix products purchased from a Distributor, then such repairs and replacements are governed by the Return & Warranty Policy for Distributors rather than this policy. In such cases, please contact your Distributor for details concerning warranty repairs and replacements for Interlogix products purchased from a Distributor.

In the event of any dispute regarding the terms or applicability of a warranty, Interlogix, in its sole discretion, shall determine whether a warranty applies and, if it does, the terms and conditions of such warranty.

#### NO IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR IMPLIED WARRANTY ARISING FROM COURSE OF DEALING OR USAGE OF TRADE SHALL APPLY.

Warranty periods vary based on product category and type of equipment, as shown in Table 1 entitled "Product warranty periods" below.

#### **Product Warranty Periods**

Table 1 lists warranty durations for most Interlogix equipment, sorted by category. Warranty periods start as set forth under the

October 27, 2017

heading "Warranty repair/replacements" above. For items that do not appear in Table 1, contact Customer Service or your sales representative for the applicable policy. Note that, notwithstanding any language in the table below, batteries that are sold individually or as a replacement are not covered under any warranty.

#### TABLE 1: Product Warranty Periods

1 /4	TABLE 1: Product Warranty Periods		
	Product	Warranty Period	
Access	Proximity readers	Lifetime*	
	TruPortal	2 years	
	Cards (minimum 10 cards for return)	5 years	
	Manufactured hardware	2 years	
	Magstripe cards	1 year	
	Facility Commander Wnx, Picture Perfect, Secure		
	Perfect, Topaz, Diamond, Sapphire, Alliance,	1 year	
	Director, Verex, other software products		
	Fire alarm control panels	3 years	
	Air duct detectors	3 years	
Fire	Heat detectors	3 years	
Ξ.	Notification appliances	3 years	
	Pull stations, fire stations	3 years	
	Smoke detectors	3 years	
	Computers, computer option cards, file servers,	1 year	
	monitors, touchscreens		
	Hardwired contacts, hardwired sensors, passive modules and components $^{\dagger}$	5 years	
	Wireless sensors	2 years	
Intrusion	Cellular communication modules (e.g., alarm.com modules)	1 year	
ıtrı	UltraSync <sup>™</sup> Secondary Touchscreen	1 year	
In	Security controls, panels <sup>‡</sup> , powered modules and components (e.g., Simon® XT, Advisor®One, UltraSync, IP communication modules, touchscreens (except UltraSync Secondary), etc.)	2 years	
_	IFS fiber transmission and UTP products	Lifetime <sup>®</sup>	
ior	IFS network products and media converters	3 years	
iss	IFS power supplies for transmission products	2 years	
sm	Fiber Options fiber optic products	5 years	
rar	TruVision fixed cameras	3 years	
d T	TruVision analog and IP PTZ cameras	3 years	
an	TruVision LCD monitors	3 years	
Video and Transmission	TruVision DVRs and NVRs	3 years	
Vid	TruVision encoders and decoders	3 years	
Other	Third-party manufactured product (e.g., Dell monitors, etc.)	Third- party warranty	
	B-stock products	1 year	
	UltraSync™ mobile app	None	

<sup>&</sup>lt;sup>\*</sup> For proximity readers, "lifetime warranty" means that for defects in materials and workmanship under normal use and service for fifteen (15) years from the date of purchase, UTCFSA shall provide the original dealer purchaser a redit towards future purchases of products from UTCFSA in the amount of the purchase price paid by the dealer for the proximity readers (excluding taxesand levies), unless such product is discontinued, in which event warranty support is limited to five (5) years from the

announcement of discontinuance. Batteries that are included in the box with a sensor, detector, or peripheral are covered under the product warranty.

product warranty. For panels, only batteries included in a self-contained panel (including the UltraSync Self-contained Hub, AdvisorOne, Simon XT, Simon XTi, and Simon XTi-5) are covered under the standard warranty. Any battery that may be included in a modular panel is not covered under the standard warranty. 8 For IFS first transmission and UTP products, "lifetime warranty" shall be the lifetime warrant yst forth in the installation and operation instructions or other technical documentation for such products, or, if no such warranty is set forth in the referenced documentation, "lifetime warranty" means that UTCFSA warrants to the original dealer purchaser that products will be free from defects in material and workmanship as of the date of delivery, under normal use and service. The foregoing shall apply only to failures to meet sid warranties which happear within that period oftime during which the products are installed in their original installation for the original end user and operator of such products provided, however, that in the event of product discontinuance, warranty support is limited to five (5) years from the announcement of discontinuance.

#### October 27, 2017

#### **Returning Interlogix Products**

Before you can return any product to Interlogix, you must obtain a return material authorization (RMA). This applies to all product returns, including warranty repair/replacements, non-warranty repairs, advance replacements, and credit returns.

For Advance Replacement the Dealer (regardless of whether the product has been purchased directly from Interlogix or a Distributor) must first obtain a Tech Support Case Number by calling the Interlogix Tech Support department. In order to obtain a Tech Support Case Number the Dealer must contact the Tech Support department while the product is still installed and attempt to troubleshoot any issue. If the Tech Support department determines that the product must be returned for further evaluation they will issue a Tech Support Case Number, which is required before any Advance Replacement will be accepted.

To obtain an RMA, contact the appropriate Interlogix customer service center (see "Customer Service Centers") for your product, and have the product and the following information ready:

- Customer account # (required for all RMA requests)
- Original PO (If the original PO is not provided, the processing time may be delayed for warranty repair/replacements, advance replacements, and other returns and replacements subject to a time limit. If the original PO is not provided, Interlogix will attempt to validate the purchase of the product within the applicable time period for the type of return sought. If the purchase time period cannot be validated for a return subject to a time limit, no RMA will be provided, and the return will be declined.)
- New PO number (required for repair requests)
- Part number
- Serial number (when applicable)
- Reason for return (capture in RMA form)
- Tech Support Case Number

Customer Service will provide you with an RMA number and an enhanced RMA acknowledgment form that confirms your request.

Once you have the RMA, repackage the product as described in the section entitled "Packaging your shipment" and attach the RMA Return location address and bar code section from the RMA acknowledgement to the outside of the package.

All products must be returned freight prepaid within 30 days of obtaining an RMA. An RMA may be cancelled after 30 days, in which case a new RMA must be obtained.

We will not accept unauthorized returns or freight collect /COD returns; we will return these to you at your expense.

If a returned product contains parts that are no longer available or repairable, we will contact you to discuss resolution and return of the material.

The repair department will evaluate all equipment returned to determine warranty coverage and will resolve any questions that may arise during evaluation to make a final determination.

**Note:** The dealer return and warranty policy is different from the Distributor return and warranty policy.

#### **Customer Service**

#### **Tech Support**

Security Technical Support

• Phone: 855.286.8889, Option 2

E-mail: techsupport@interlogix.com

#### **Non-Warranty Repairs**

Dealer will be charged for all repairs and shipping costs for products that are not within the product warranty period or that are not under warranty. For all such non-warranty repairs, Interlogix will provide a repair estimate that includes charges for parts, labor (in halfhour increments) and shipping.

Products receiving non-warranty repairs are granted an extended warranty of 90 calendar days from the date of shipment from Interlogix back to the Dealer following the non-warranty repair, except for fire products, which instead are granted an extended warranty of one year.

#### Advance Replacement

In addition to product returns under our limited warranty, we offer advance replacement, which is provision of a replacement product to the Dealer by the Dealer's Distributor from which Interlogix products were purchased or from Interlogix, in the event of direct purchases from Interlogix, in advance of receiving the returned product from the Dealer, for a select group of products as listed in Table 2 below ("Advance Replacement"). For the product participating in the Advance Replacement program the following guidelines apply:

No returns for Advance Replacement will be accepted unless you have obtained an RMA number **and** you have obtained a Tech Support Case Number as described in the section entitled "**Returning Interlogix products**" above or in the Return & Warranty Policy for Distributors, if applicable. Advance Replacement products will be replaced with refurbished, remanufactured or new products at Interlogix's sole discretion and carry a full original equipment warranty. Interlogix may send Advance Replacement product to replace defective equipment that has failed upon initial install for up to 365 days. Advance Replacements will ship via ground the next business day.

Our repair department will evaluate the returned product to determine whether it is a warranty or non-warranty replacement and bill you accordingly. We will invoice Advance Replacements at shipment and credit you upon receipt of the defective product; provided, however, that if we determine that the returned product is in good working order or that performance issues were due to improper installation, misuse, abuse, or other user-related causes, we will issue no credit and you will remain responsible for paying the invoice, and we will return such product to you at your expense. If the defective product is part of a kit, you shall return only the defective product (i.e., you shall not return the remainder of the kit) and we will replace only the defective product through Advance Replacement. If the product was purchased or exchanged at a Distributor and no Tech Support Case Number was provided at time of exchange, no credit for the replacement unit already given to the Dealer will be issued to a Distributor.

Note: Advance replacement is not available for custom, special or nonstandard products as determined in Interlogix's sole discretion.

Table 2: Advanced Replacement Eligibility (in addition to Standard Warranty)			
Product Category	Advanced Replacement Eligible?	*Participating SKU's/Product Family	Remark
Access Control	YES*	Pls see Table 4	
Fire	NO	Not Applicable	Use Standard Warranty
Video and Transmission	YES*	Pls see Table 3	
Intrusion	YES*	Pls see Table 4	
Voice	NO	Not Applicable	Use Standard Warranty
Other	NO	Not Applicable	Use Standard Warranty

The list of SKU's eligible for Advanced Replacement in the video & transmission and intrusion profiles are listed in Tables 3 and 4, respectively, at the end of this policy.

#### **Refurbished B-stock Products**

Interlogix occasionally offers select products for sale as *B-stock* units that have been used in the field and refurbished. B-stock products are covered by different warranty conditions and durations than new products. Refurbished products come with a one-year limited warranty.

#### **Credit Returns**

No returns for credit or refund will be accepted unless you have obtained a return material authorization as described in the section entitled "**Returning Interlogix products**". Interlogix will refund or credit new, standard production items that are unused and in the original unopened shipping cartons for a period of 120 days from the original date of shipment; however any returned product is subject to a 25% restocking fee if your request comes more than 60 days after the original ship date. Returns for refund or credit beyond 120 days from original shipment date will be denied.

Products purchased as part of a kit must be returned in their entirety (i.e., the entire kit must be returned, not separate parts) to receive refund or credit. Refund or credit is not available for custom, special or nonstandard products.

You must use credit within one year of the date of issue. All returns are subject to Interlogix inspection and approval.

#### **Packaging Your Shipment**

Protecting the value of returned products by packaging and shipping them correctly is your responsibility. The risk ofloss for products being returned to Interlogix remains with Dealer until received by Interlogix at the Interlogix location designated in the RMA. Dealer is responsible for compliance with all laws and regulations related to shipping any products to Interlogix, including without limitation laws and regulations related to the shipment of regulated or hazardous materials, to the extent applicable. Dealer agrees to indemnify Interlogix from all losses and liabilities to Interlogix arising out of Dealer's failure to comply with applicable laws and regulations related to shipping. Interlogix reserves the right to deny warranty coverage for any damage caused by failing to meet the following packaging requirements: All electronic components must be taped and/or contained in their original electrostatic protective packaging or an equivalent substitute.

All parts must be packed securely inside the external shipping carton to prevent mechanical or other damage.

External packaging must be sufficient to protect the contents from the usual hazards of shipping.

Returned products should be addressed to the correct legal entity name set forth in the RMA.

If products are being returned to Interlogix from outside of the United States, the stated value of the returned products for customs should be greater than zero, and typically should be equivalent to the purchase price of the returned products. Further, the return of such products to Interlogix shall comply fully with the export administration and control laws and regulations of the United States government and other applicable jurisdictions, and any amendments of such laws and regulations.
