Tech Note UltraSync+ Android Mobile App Google Assistant Setup

Revision 2.0 Release Date: 3/07/2019

Requirements:

- UltraSync+ Android Mobile App 2.13.1 B0272 or later
- Google Home, Android 6.0+ phones and tablets, watches, TVs, Chromebooks, and Smart Displays

Setup:

1. Open the UltraSync+ Mobile app on an Android device. Log in to the site as the <u>Master User</u> and tap the top left menu icon. Select **Google Assistant** to start the setup.

5. In the Add devices page, tap the search icon, and then find and tap the UltraSync SmartHome icon. The app redirects to the account linking page. Tap the PASTE button, tap and hold the serial number field, and then tap the pop-up PASTE button. The panel information previously copied to the clipboard populates the fields. You can manually enter the information as well. Tap Submit if all the information is correct.
