

# User-friendly surveillance at a budget-friendly price

## Quick & Easy Installation

- 1 Install cameras
- 2 Connect them to the NVR
- 3 Power up the NVR

- Complete IP video system in one package
- Built-in PoE ports to power cameras
- Ideal for small sized applications
- Easy Plug-and-Play installation

## TruVision® NVR 11 & Megapixel Camera Kits

Ideal for small retail stores, medical offices, gas stations and residential applications, the TruVision® NVR 11 IP video kit from Interlogix provides a complete, cost-effective surveillance solution that's also incredibly easy to install.

Available in 4-, 8- and 16-channel configurations, each kit includes a choice of TruVision cameras with no IP configuration or programming required. Simply install the cameras, connect to the built-in PoE ports and power on the NVR to start recording. Manage multiple recorders with the free downloadable TruVision Navigator software and view cameras on-the-go with the free TVRMobile app.

### NVR Features

- Easy front panel direct channel selection
- Monitor/Mouse ports – No PC required
- Continuous, motion or scheduled recording modes
- Event recording
- One-push Archive button to USB drive
- Up to 16 built-in PoE ports
- 40, 80 or 160Mbps incoming bandwidth
- 1 or 2TB of storage
- H.265 recording to reduce bandwidth and storage

### Camera Features

- 2MPx Bullet, Turret and Wedge IR Cameras
- 4MPx Wedge IR Cameras
- H.264 or H.265 compression
- WDR
- True day/night
- Indoor/Outdoor - IP66 or IP67 rated depending on model
- PoE/12VDC
- Supports PSIA and ONVIF® (Profile S, Profile G) open standards

### Video Software

- TruVision Navigator
- TVRMobile App
- TruVision Device Manager
